How to Qualify:

Panther Youth Partners is a federally funded program and has set guidelines for eligibility. You must be between the ages 16 – 24. Income is the primary eligibility factor.

To calculate your income to determine eligibility:

1. If you are between the ages 18 – 24 and claim yourself on income tax and don't make more than \$11,880, you meet the income qualifications.
2. If you are between the ages 16 – 24 and are living with your parents and they claim you on their tax return, count the number of related family members living in your household and find on the chart provided. If the total income is less than the corresponding annual income given, you meet income qualifications.
3. If you live with a family and you are recorded on the food stamp verification, you automatically meet income qualifications.
4. **Please check if this applies to you or your family:**
 _____ Food Stamps _____ Disability Income
5. **Is your goal to earn your GED _____ or vocational training_____**

# of family in household	Annual Income
1	11,880
2	16,020
